NUMBER 176

Teuton Army Again In Retreat

WITH THE AMERICAN ARMY ON THE AISNE-MARNE FRONT, July 31.—Efforts made by the Germans to advance their lines against the Americans on this front last night and this forenoon were fruitless. The Americans for their part were content to hold their positions along their slightly advanced line for the time. The German line, however, is reported gradually giving way both to the right and left. There was hard fighting throughout the night, but no concentrated attack in force by either side. During the night the Americans made a pretense of retiring from a part of the town of Serignes. The Germans advanced into the town, on observing the supposed evacuation. Two companies of Americans then closed in and enveloped the German force, killing or capturing every man of it. Both high explosives and gas shells were sprayed by the Germans over a wide area. The air forces on both sides were busy this morning. One of the American observers was attacked by eight enemy machines but escaped and returned to his base.

PARIS, July 31.—(Havas Agency).—French aerial observers, says the Matin, report that there are signs behind the present German battle front of preparations for a continuation of the retirement northward. The enemy is destroying much material and big fires have been seen.

PARIS, July 31.—American troops maintain their position in the region of Serignes-et-Neales, which they carried after violent fighting, according to an official statement from the war office today. The Germans made four attacks against it.

ENEMY DRIVEN 14 MILES GERMAN GENERAL KILLED

Battle In Moscow—Bolshevik—Allies Break
Near—Italians Drive Huns—
Other War News

GERMAN LOSSES 100,000 MEN SINCE MARCH

GENEVA, July 31.—German losses since March 21, when the big offensive was launched, total nearly 1,000,000 men, according to a high neutral official who has just arrived from Berlin.

He said the German casualties in the last two sections of the offensive were estimated at 350,000.

HUN FIELD MARSHAL IS ASSASSINATED

AMSTERDAM, July 31.—Field Marshal von Eichhorn, the German commander in the Ukraine, and his adjutant, Captain von Dressler, were killed by a bomb in Kiev Tuesday, says an official announcement received here from the Ukrainian capital.

The bomb was thrown at the men while they were driving to their headquarters from the Casino. The bomb was thrown from a cab which drove close to their carriage as they were approaching the field marshal's residence. The assassin and the cab driver have been arrested.

GERMANS DRIVEN FOURTEEN MILES

WASHINGTON, July 31.—The sole object of the allies and the Germans in the Bofors-Rheims salient, now is to kill as many men as possible, General March, chief of staff, said today at his semi-

weekly conference with newspaper correspondents. Whatever objective either side had at the beginning, the general said, has been submerged by developments in the fighting. The German withdrawal since last Saturday, he added, has reduced the length another ten miles to fifty-four miles. The maximum German retreat in the center in fourteen miles.

TEUTONS FINALLY ADMIT THE FACT

AMSTERDAM, July 31.—The Socialist newspaper Vorwaerts of Berlin, in praising the American troops, quota, German soldiers are saying that the American equipment is the best they have seen and that the men from the United States march into battle with the greatest coolness.

ITALIANS CRUSH AUSTRIAN DRIVE

ROME, July 31.—An Austro-Hungarian attack was delivered in force against the Italians in the Cornone sector Monday night, but was repulsed by an Italian counter-attack, the war office announced today. The Italians captured machine guns, flame throwers and some prisoners.

RUSS FIGHT HUNS ALSO THEMSELVES

COPENHAGEN, July 31.—Street fighting has broken out in Moscow, but the Bolsheviks succeeded in suppressing it. (Continued on Page 4)

PAUL JONES NO. 2 SAYS: "HELL, NO! JUST BEGINNING!"

WITH THE AMERICAN ARMY IN FRANCE, Wednesday Evening.—The interdict charging of the Americans is not only winning ground, but it is also instilling fear into the Germans. Letters taken from prisoners today, and statements made by them, clearly show this.

There are many instances of American heroism.

At one spot the Germans counter-attacked, obliging the Americans to retreat temporarily. Then the enemy sent out a man under a white flag. He asked if the Americans wanted to surrender.

"Hell, no!" yelled their commander. "We're ready to attack."

This they did, re-taking the village and holding it permanently.

The more intelligent Germans fear they won't be able to hold out much longer against the increasing allied forces.

"The German army couldn't hold two months longer at the present rate of losses," declared one German officer.

STRIKE SETTLEMENT SEEMS REMOTE

Settlement of the strike in which more than 200 men walked out of the plant of the Western Pipe and Steel company, seems remote, according to reports circulated at labor headquarters.

Workers say that only a signed agreement covering their demands will end the strike.

The men demand the government wage scale, a retroactive agreement giving them pay on an increased scale set by the wage adjustment board from the time they return to work and recognition of their union.

Another Meeting Today.
Representative William Angell and Manager Fred Heckman went to San Francisco yesterday, to confer with the mechanics over there, and also with the officials of the Western Pipe and Steel company, whose plants both at San Francisco and Los Angeles are now being brought into the fight.

Mr. Angell has called another meeting of a committee of five of the Richmond boilermakers, to meet him at Oakland today and go across to San Francisco, to confer there with U. S. government labor officials, and it is expected that something will drop when Uncle Sam takes a hand.

MEINDELSSOHN CLUB MEET

The Club Meindelssohn will hold their first meeting since the club vacation, this afternoon, at the home of Mrs. A. W. Krumdick, 673 Tenth street. Mrs. Krumdick and Mrs. F. Kelley will be hostesses. Washington Irving Day will be observed. The program will include piano solo, Mrs. Norma Benson; original essay on Irving, Mrs. W. B. Richmond; reading, Mrs. Paul Dunlap; and vocal solo, Mrs. F. Kelley.

You can find all the local news in the Morning Daily News.

RICHMOND CO. ON THE WAY; MORE CALLED

Local Boys Anxious
To Fight—12 Others
Leave Aug 12

Company B, One Hundred and Fifty Ninth Regiment, which was old Company B, made up largely of Richmond middle boys, which has been at Camp Kearney, left Sunday evening for Camp Mills, near New York City. Mrs. E. H. Harlow and son, Phillip, are home from the southern city, where they bade their son and brother, A. Page Harlow, good-bye. The boys have chafed at their long period in camp while such strenuous activity was going on abroad and they are anxious to get over there.

Many of the original boys in the Company went abroad several weeks ago and are now in France. Twelve men will go to Camp Fremont in the next draft call which will be on August 12. Notices have been sent to 13 to be ready for departure on that date.

Those summoned are:
Tony Xavier
William J. Wall
William H. Mares
George Y. French
Charles M. Cox
Andres Salinas
Millard V. Moore
Bruno G. Lanzinger
Ernesto Varino
William B. England
Earl S. City
Joachim Marques
James L. B. Dausman.

Joe Baker's Garden Is A Whopper

J. L. Baker, the well known piano tuner, has about the biggest and best garden around this section. He has 26 lots all out to garden, and it is a fine one. That means lots of work, but Joe is some worker, all right, and is doing his bit toward raising more food.

Mr. Baker says he has excellent sweet corn, and lots of it, and that one reason is that it is planted north and south instead of east and west. That makes the pollen blow in the right way, down the rows. He says, also, that potatoes that are acclimated, (raised here), do much better than potatoes imported from Nevada or elsewhere.

Ladies Drill Team To Give Dance

A dance for the Red Cross will be given by the Ladies Red Cross drill team at East Shore Park on August 11. This is the first social event of the new organization. An important meeting of the drill team is to be held at Pythian Castle on Wednesday night at 7:30.

OSAR'S EXECUTION DETAILS GIVEN BY BERLIN PAPERS

LONDON, July 31.—(Night).—Details of former Czar Nicholas's execution by the bolsheviks have appeared in the Berlin Lokal Anzeiger, dispatches here today declare.

According to this account, the former emperor was awakened at 5 o'clock in the morning and informed that he would be killed in four hours. He remained calm, conferred with a priest and wrote letters, but at 9 p. m. the guards found him collapsed in a chair.

En route to the place of execution he fell to the ground and when he arrived at the spot where he was to die, he was unable to stand.

He leaned weakly against a post the newspaper reported, and raised his hands as if about to speak, but the rifle shots drowned his voice and he fell dead.

WASHINGTON, July 31.—The German general staff has officially admitted that the "drive on Paris is a failure," but has promised the people back home "a decisive blow will be delivered immediately."

CURSE OF OAKLAND IS "DAGO RED" WINE

That the number of cases of drunkenness in Oakland have doubled in the last two years is the announcement made by Leonard C. Compton, adult probation officer.

Lured by the ship building industry, he says, a flood of "floaters" have invaded the city, who with their enormous consumption of cheap wines threaten to run the record still higher. Wine shops with "Dago Red" as their chief commodity are springing up overnight in Oakland in order to meet the demand of these men, Compton stated.

"The moral effect of this change in Oakland is easy to see," said Compton. "Just walk down Broadway and look at the dozens of men hanging around the street corners. They cannot work; all the vitality is gone out of them. They are living wrecks, victims of this cheap wine, which at best is only rinsings from wine vats."

"The combination of cheap whiskey and this wine is turning these men insane and preventative measures now taken would save the city much expense later."

Of the number of cases coming to the attention of the probation officers, but 10 per cent are women, according to Miss Ella Flynn, in charge of the women's cases. "We have no trouble in securing work for these women," said Miss Flynn. "The majority of them are eager to get back on the right path, and the shortage of domestic help is enabling us to help them to independence."

Trucks are now being laid in Richmond to connect both railways.

FRANCIS HENEY MEETING AT AUDITORIUM TONIGHT

One Of The Best Speakers In California Will
Address Richmond People Upon
Issues Of The Day

The people of Richmond will be given the opportunity this evening, at the Lincoln Auditorium, at 7:30, to hear one of the finest orators of the West, for Francis Heney, candidate for the Democratic nomination for Governor of California, will address them upon this occasion.

Mr. Heney needs no introduction to the people of California, or, for that matter, to the people of the United States, for he has just completed a great national achievement in bringing to the forefront packing corporations, for the government, at Chicago.

It looks now as though Mr. Heney would unquestionably be the Democratic nominee in this State, and that either Stephens or Rolph will receive the Republican nomination, probably the latter. In this event the people will be called upon to

choose between Heney and Rolph as to which they prefer for their chief executive of this great State, and tonight will furnish the opportunity to meet Mr. Heney, get acquainted with him and hear what he has to say.

His speech will be very interesting to every man and woman, and all should take advantage of this opportunity to hear him.

It makes no difference what your personal politics may be. This man is very liable to be the next Governor of our State, and we all want to hear him, and see what kind of a platform he is running on. Mr. Heney and his wife are to arrive on the 5 p. m. Southern Pacific and a delegation of Richmond's leading citizens are to meet them and show them the city.

POLITICS

Politics are responsible for many queer mixups. Here is a new one: Father Collins, Catholic priest over at the Point, called upon Mrs. F. A. Guaga, 440 Pacific avenue, and accused her of having spread a report that Bert Curry, candidate for coroner, was a Catholic, and demanded that she trace the rumor back and deny it. The lady informed the priest that she had started no such rumor; had said no such thing; was not in the least interested in whether Mr. Curry was a Catholic or not, and did not propose to go out and butt into anything of the sort, as she happened to be 100 per cent Methodist. Those present report the confab as being quite spirited.

CLUB TO GIVE DANCE

The South Richmond Improvement club is to give a dance, August 17th, at East Shore Park. The proceeds will be for the club house. Those on the committee are: Mesdames W. Lane, Cunningham, Newrick, Ripley, Blake, Pares, Coyer, Edwards, Higgins, McManis, Haver and Parker. Tickets will be in circulation within a few days.

SIXTH AND MACDONALD

"A Keen Young Woman"

—a young woman ever alert to economize, to cut down the high cost of living, said recently that the finest thing she ever did in the way of reducing her household expenses was when she opened a checking account with us and began to pay all her bills by check. She knows now just where every dollar goes—her checkbook stubs are a perfect record. She knows when certain expenses are growing too big—she knows when curtailment is advisable. When she paid her bills with cash, she could hardly make ends meet, she said. More housewives might copy her example and cause themselves less worry and trouble.

Clean Up and Look Right

All over America hundreds of towns and cities are having what they term "Clean-Up Week," and during that week every body who possibly can give their home or place of business a coat of fresh paint. This would be a good plan for Richmond. Nothing adds so much to the looks of a house or a town as fresh paint. It gives an air of sanitation, cleanliness and also prosperity.

Use some wall paper, paint and varnish on the inside, too. It will make you feel better to have your home look better, and you will make a hit with the wife at the same time.

everything in the "Clean-Up Line, and a little paint and stain go a long ways.

OUR DRINK BILL—AND WHAT IT MIGHT BUY

You've heard it said a good many times that we spent every year two billion dollars for liquor.

Two billion dollars?

You can't even guess how much money this is—mostly because mighty few of us have ever handled more than two hundred dollars at any one time.

Just for the fun of it, let's write it this way:

\$2,000,000,000.00!

All you can say is that it's a LOT of money.

But perhaps you will get a better idea of how MUCH it is by comparing our drink bill with some other bills in this country.

It's three times as much as we spend to maintain all of our public schools.

It's as much as we spend for bread and clothing.

It's as much as is earned by all trade unionists.

It's the value of 535,600 workingmen's homes at \$3,800 each.

It's one-fourth more than the total assets of the over 7,000 building and loan associations in this country.

It's twice the capital in all the national banks.

It's one-tenth the value of all farm property, including land, buildings, machinery and animals.

It's almost as much as it costs to operate all our railroads.

It's twice as much as it costs to run the federal government in peace times.

It's as much as we raised for the first Liberty Loan.

It's almost twice the value of all church property in the United States.

Two billions dollars spent annually for booze!

What does it buy for those who spend it? YOU KNOW!

What does it bring to those who are dependent upon them? YOU NOW!

What does it do for our country and the world? YOU KNOW!

You can't say one strong, unqualified word for the liquor habit or the liquor business.

And you know this, too.

Why not cut it out and spend the money for something that will build up instead of pull down—that will bring joy instead of gloom?

If you believe that the traffic in Alcohol does more harm than good—help stop it!

England and France, have talked about a tunnel under the Straits of Dover for more than a century. A tunnel would solve the problem of keeping communications open without risk of submarine attacks, and, after four years of war, the project has gained a new lease of life.

If you do not sustain your country in its hour of need, what can you expect from it in your day of necessity?

BETTER WAR NEWS

Today's war news reads better; in fact it has been showing decided encouragement for more than a week. The tide has turned, both on the battlefield and with the people of Germany and Austria-Hungary.

One may judge the extent of the latter charge Emperor William with "continuing-Frankfurter Zeitung makes bold to charge Emperor William with "continuing the war for the sole purpose of enforcing German supremacy on the world," that on August 4, 1914, "they did not tell the German people they were going to make war in order to put down Anglo-Saxon supremacy," that if they had, "the German nation would not have been unanimous on this point," and that the unity which the Kaiser sought "would have been broken from the very first day."

All of which is strong talk, and talk that means something.

A German war writer urges the German people to be patient—that there will be another offensive soon. The tremendous losses sustained by the Germans in this last offensive does not make this assurance very comforting to the people who have relatives at the front. They are looking forward with dread to having their kinsmen go against the American gunners.

In North Carolina societies are being formed to abstain from the use of any German-made article for a period of ten years after the war. Germany will not find reconciliation an easy task so long as a Hohenzollern walks the face of the earth.

This isn't a race war. It isn't a religious war. It is a war between rival systems of government. It is the divine right of king's against the American Declaration of Independence.

The Russians did not have foresight enough to see what was ahead of them, but they find now that they have been endowed with a tremendous faculty for reflection.

This story that the Greeks captured 1800 Germans and Bulgarians in Macedonia puzzles us. We thought all the Greeks were in the fruit and confectionary business in the United States.

These days angels do not speak to men, but the average man has a conscience that whispers to him every once in a while.

While a new name was being given to limberger, a new smell should also have been found for it.

Grubstake your home from the farm and garden; the railroads must carry food and munitions for soldiers.

East Bay Water Co. WATER SUPPLIES SAFE

To the Public and Our Consumers:

In view of the apprehension created in the minds of some of you by unfounded statements that the water supplies of the East Bay Water Company are, or have been, polluted, we submit for your information and as an assurance of the safety of our supplies from the standpoint of health the following exchange of letters between the President of this Company and the President of the State Board of Health:

EAST BAY WATER COMPANY
Broadway and Ninth Street

Oakland, California
July 25, 1918

Dr. George E. Ebricht,
President State Board of Health,
209 Post Street,
San Francisco, California.

Dear Sir:

The assertion has been publicly made in some of the communities served by the East Bay Water Company that the water supplies of the Company are not safe for human consumption. I know from analysis made of our supplies, and from the efficiency of the precautions and safeguards we employ to furnish a safe and sanitary water, that these assertions are unfounded, but, as your Department has frequently examined our water supplies and is familiar with their conditions, will you advise me whether you regard our water supply as a safe supply for domestic use?

Yours very truly,
(Signed) **W. E. CREED,**
President

WEC:TW

George E. Ebricht, M. D., President
Fred F. Gundrum, M. D., Vice-Pres.
W. LeMayne Willis, M. D.
Edward F. Glaser, M. D.
Adelaide Brown, M. D.
Robert A. Peery, M. D.
Wilfred H. Kellogg, M. D.
Secretary and Executive Officer

California State Board of Health

Office of the President
209 Post Street
San Francisco

July 29, 1918

Mr. W. E. Creed,
President East Bay Water Company,
Broadway and Ninth Street,
Oakland, California.

Dear Sir:

Replying to your favor of July 25th regarding the water of the East Bay Water Company, allow me to say that the State Board of Health has been carrying on exhaustive examinations of this water as of numerous others for a number of months past and is in a position to say that the water is unusually safe from a health standpoint. Further than that, analysis of the typhoid statistics of the region supplied by your company shows the typhoid rate to be lower than in other big cities of the state and that there has been no outbreak of typhoid fever which could be attributed to the water since the year 1885. Upon that showing alone the water must be good.

We are pleased to find that your company is taking measures which should overcome the minor difficulties from algae. The worst that these fresh water algae amount to however, is to give rise to a disagreeable taste or odor from which ungrounded fears of disease may arise.

Yours sincerely,
(Signed) **GEORGE E. EBRIGHT**
President California State Board of Health

We are able to assure you that, by reason of our safeguards and precautions to protect our water supplies from contamination, you will be furnished at all times with safe water; in fact, our supplies compared with the supplies of many other large communities throughout the country, are unusually safe from the standpoint of health.

EAST BAY WATER COMPANY

LATE TELEGRAPH NEWS CONTINUED FROM PAGE ONE

pressing it, according to information received here this afternoon. Bolshevik officials admit that the situation in Russia is most critical. A Czech-Slovak army is advancing toward Moscow.

COPENHAGEN, July 31.—The Russians are growing more hostile to the Germans daily and alarming reports of the situation are being printed in the German press, said advices from Berlin today.

The Frankfurter Zeitung states that the Russians are resisting German commercial penetration with all possible means.

BOLSHEVIKI AND ALLIES AT BREAKING POINT

WASHINGTON, July 31.—An open break between the Bolshevik government in Russia and the allied governments may be forced at any moment by the attitude of the former.

This was admitted here today, though every possible measure is being taken to prevent it. However, the general attitude of the Lenin-Trotsky control is such that officials are prepared for the worst.

PYTHIANS BUY W. S. S.

The Knights of Pythians Lodge No. 13, at their meeting held in Pythian Castle last Friday night, invested \$250.00 in War Savings Stamps.

At their next meeting tomorrow evening, they will have the installation of officers by Past Chancellor Commander De Laney.

COMING EVENTS

August 10.—Fifteenth annual ball Richmond Lodge No. 13, Knights of Pythias, East Shore park for benefit of Red Cross.

August 17.—Candidates Ball by South Richmond Improvement Club, at East Shore Park.

August 20.—Candidates whist party by Our Lady of Mercy church at church hall.

HOME GUARDS ON JOB

Captain Oscar Long started his Home Guards out yesterday to make a complete canvass of Richmond for available men to help work on the farms and harvest the crops. Some job.

1800 Market St., Near 7th, San Francisco
1800 San Pablo Ave., Oakland, Cal.

"Right of Purchase" Is A Stirring Play

"By Right of Purchase" is the attraction here at the Richmond Theater today. It is a Select Picture directed by Charles Miller, starring Norma Talmadge as Margaret Hughes, a society butterfly. She marries Chadwick Himes, a rich young man of high social standing, under an agreement to be his wife in name only for three years. At the end of this period, if he has not succeeded in winning her love, she will receive her freedom and a handsome settlement. In addition, she comes to realize his worth, especially in comparison with the worthlessness of Dick Derwent, a handsome spendthrift with whom she has long been infatuated.

How she plays with fire and is singed, although not really burned, how husband and wife go their separate ways to serve France in the war; how they are both reclaimed and finally reunited, combining to make a masterful photoplay of metropolitan society life.

RICHMOND CANDIDATES

Richmond is offering but two candidates for general county offices—H. O. Watson for the Assembly and T. D. Johnston for District Attorney, and at this time both look like winners. Watson spent yesterday in the eastern end of the county and Johnston was circulating around among his local friends here.

You can find all the local news in the Morning Daily News.
